### DETAILED ACTION

This office action is in response to applicants' communication filed on 4/29/04.

Claims 1-4, 7, and 9-13 are pending in this application. Claims 5-6 and 8 have been canceled. Claim 10 has been withdrawn from the consideration, being drawn to the non-elected invention.

Rejection of claims 1-4 and 9 over Kun et al is hereby withdrawn subsequent to applicants' amendment.

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-4, 9, 12 and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by JP 5-222006.

JP'006, page 5, lines 1-5, anticipate instant claims when, A is halo, R3, R4, R5 are H, R2 is H, W is O, and R1 is alkoxy, see page 9, Table. Inasmuch, the compound is soluble in water, the composition is anticipated. English abstract is attached along with the Japanese document.

3. Claims 7 is objected to as being dependent upon a rejected base claim, but would be allowable ***to the extent that it reads on the elected subject matter***, if rewritten in independent form including all of the limitations of the base claim and any

intervening claims. **Note applicants should delete Silicon containing subject matter.**

4. Claim 11 will be allowed to the extent it reads on the elected subject matter.

Compounds containing **Silicon and heterocyclic subject matter should be deleted.**

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL.** See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action.
